

corner edge protector for wall coverings

keracorner™ CO

KERACORNER series comprises a complete series of corner profiles for the protection most exposed parts of the walls, with all kinds of covering. Mainly used in commercial and industrial areas where intense transit occurs, these profiles are available in different sizes, materials and finishes to meet all possible technical needs.

KERACORNER perfectly covers over chipped tiled corners and are supplied with self-adhesive glue strips with excellent hold which helps absorb shock impact.

Illustrated scale dimension 1:1
