

# joining profiles for bathtub and shower tray

## foliosani™ SB

Hygienic corner cove profile between wall and wall or wall and floor. Also apt to join profile bathtub rim and shower tray to wall or kitchen counter tops and wall. Normally the gaps are filled in by mould resistant silicone products but still may turn yellow from discoloration and dirt which can stick to the soft silicone. By installing our profiles the gaps and corners are finally clean, neat but most important of all more hygienic. Supplied with self-adhesive strips or applied with silicone. Illustrated scale dimension 1:1

### FOLOSANI SB 20 A\* Self-Adhesive Powder Coated / Silver Anodised Aluminium

This profile is a 60 Micron polyester powder varnished or anodised aluminium finish with a 20 Micron treatment. It is tolerant to oxidation and to most conventional detergents. Furthermore, its UV resistance makes it adaptable to all sorts of environments. Available also without adhesive.

Material: Extruded powder coat. aluminium / Extruded Anodised Aluminium  
Colours: Pure White / Silver  
Length: 2,70 meters

### FOLOSANI SB 24 P 11 Synthetic Resin

Full coloured whole synthetic resin profile to apply on several coverings. It is particularly adaptable to plastic tubs because the softer external PVC transparent lips allow it better wedge into the gap.

Material: Resintop  
Colours: Pure white with transparent lips  
Length: 2,70 meters

### FOLOSANI SB 30 P\* Synthetic Resin

Full coloured whole synthetic resin profile to apply on several coverings. Its stabilizing properties make the product tolerant to most chemical agents and resistant to slight abrasions.

Material: Resintop  
Colours: Pure White / Light Grey / Beige  
Length: 2,70 meters
